Introduction
The mission of the BSPH program in health policy and management is to
develop responsible graduates who have the necessary knowledge, skills,
and values to pursue successful careers in health systems in the United
States and abroad.

Advising
All students are assigned a faculty advisor in the department. Faculty
advisors work collaboratively with the program director, office of student
services, and career services coordinator to support students’ academic,
professional development, and career services needs.

Graduate School and Career Opportunities
The program aims to prepare students for both entry-level positions
and advanced degree programs. Graduates obtain positions in a variety
of organizations, such as health care consulting firms, hospitals,
health systems, physician practices, local public health departments,
government agencies (e.g., Centers for Disease Control), health
research organizations (e.g., Research Triangle Institute), community
health organizations, health insurance companies, health technology
organizations, universities, and global health organizations (e.g., Peace
Corps).

Graduates also have successfully pursued advanced degrees in a
range of fields, such as health management, public health, public
policy, accounting, law, medicine, dentistry, pharmacy, and business
administration.

Major
• Health Policy and Management Major, B.S.P.H. (http://
catalog.unc.edu/undergraduate/programs-study/health-policy-
management-major-bsph)

Professors
Ethan Basch, Peggye Dilworth-Anderson, Marisa E. Domino, Daniel Lee,
Jessica Lee, Jonathan Oberlander, George Pink (Distinguished), Bryce
Reeve, Sally C. Stearns, Morris Weinberger (Distinguished).

Associate Professors
Bruce J. Fried, Mark Holmes, Kristin Reiter, Paula Song, Harsha
Thirumurthy, Justin Trogdon, Stephanie Wheeler, Benjamin White.

Assistant Professors
Bryon Powell, Stacie Dusetzina, Leah Frerichs, Kristen Hassmiller Lich,
Cleo Samuel, Christopher M. Shea.

Research Professors
Sheila Leatherman, R. Gary Rozier.

Research Assistant Professors
Antonia Bennett, Sarah Birken.

Professors of the Practice
Leah Devlin, Sandra Greene, Pam Silberman.

Adjunct Professors
Andrea Biddle, Paul Brown, William Carney, Carolyn Carpenter, Daniel Carter, Rachel Caspar, Dorothy
Clienti, Michaela Dinan, Lynn Dressler, Shellie Ellis, Jeff Federspiel,
Erin Fraher, Kimberly Geissler, Laura Gerald, Benjamin Gilber, Susan
Kaluzny, Clara Lee, Matthew Maciejewski, Patricia MacTaggart, Michael
Markowitz, Lauren McCormack, Lori McLeod, Julie Sakowski, Lucy Savitz,
Richard Scoville, Ashley Skinner, Daryl Wansink, Hugh Waters.

Adjunct Associate Professors
Andrea Biddle, Paul Brown, William Carney, Carolyn Carpenter, Daniel Carter, Rachel Caspar, Dorothy
Clienti, Michaela Dinan, Lynn Dressler, Shellie Ellis, Jeff Federspiel,
Erin Fraher, Kimberly Geissler, Laura Gerald, Benjamin Gilber, Susan
Kaluzny, Clara Lee, Matthew Maciejewski, Patricia MacTaggart, Michael
Markowitz, Lauren McCormack, Lori McLeod, Julie Sakowski, Lucy Savitz,
Richard Scoville, Ashley Skinner, Daryl Wansink, Hugh Waters.

Adjunct Assistant Professors
Oscar Aylor, Nicole Bates, Paul Bednar, Diane Bloom, Colleen Bridger,
Timothy Carney, Carolyn Carpenter, Daniel Carter, Rachel Caspar, Dorothy
Clienti, Michaela Dinan, Lynn Dressler, Shellie Ellis, Jeff Federspiel,
Erin Fraher, Kimberly Geissler, Laura Gerald, Benjamin Gilber, Susan
Kaluzny, Clara Lee, Matthew Maciejewski, Patricia MacTaggart, Michael
Markowitz, Lauren McCormack, Lori McLeod, Julie Sakowski, Lucy Savitz,
Richard Scoville, Ashley Skinner, Daryl Wansink, Hugh Waters.

Adjunct Instructors
Eddie Alcorn, Dawn Carter, J. Michael Collins, Robert Crawford, Donna
Dinkin, Randall Egsgean, Franklin Farmer, Eric Griffin, John Grinnell,

**Clinical Professor**

John Paul.

**Clinical Associate Professors**

Dean Harris, Rebecca Slifkin.

**Clinical Assistant Professors**

Alyssa Damon, Jeffrey Simms, Steve Sloate, Margaret Thomas, Karl Umble, John Waters.

**Lecturers**

William Gentry, Jay Levy, Sanford West.

**Professors Emeriti**

Edward Brooks, Laurel Files, Sagar Jain, Arnold Kaluzny, Kerry Kilpatrick, Peggy Leatt, Joe Morrissey, William Zelman.

**HPM—Health Policy and Management**

**Undergraduate-level**

HPM 310. Introduction to Law and Ethics in Health Management. 3 Credits.

An introduction to health law and ethics for health administration undergraduate seniors.

*Requisites:* Prerequisite, HPM 350.

*Grading status:* Letter grade.

HPM 315. Health Economics. 3 Credits.

This course will provide students economic theory that will be applied to the market for health and health care. The goal is to give students the knowledge and experience to analyze health policy and management issues using economic concepts and tools.

*Requisites:* Prerequisite, ECON 101.

*Repeat rules:* May be repeated for credit. 6 total credits. 2 total completions.

*Grading status:* Letter grade.

HPM 320. Introduction to Strategic Planning and Marketing. 3 Credits.

An introduction to the development and implementation of strategic planning and marketing processes in health care organizations.

*Grading status:* Letter grade.

HPM 330. Introduction to Health Organization Leadership, Management, and Behavior. 3 Credits.

Team-based service learning in a hospital, health center, or other organization to facilitate learning about leading teams, organizations, partnerships, and global initiatives. Change, conflict, human resources, and other topics are addressed through readings, cases, reflections, and guest practitioners.

*Grading status:* Letter grade.

HPM 340. Foundations of Health Care Financial Management. 3 Credits.

Permission of the instructor for nonmajors. Basic methods and techniques in financial management of health care programs, including financial statement analysis, cost determination and allocation, pricing of services, and budgeting.

*Requisites:* Prerequisite, BUSI 101.

*Grading status:* Letter grade.

HPM 341. Information Systems, Technology, and Tools. 3 Credits.

The purpose of this course is to enhance students' understanding of information systems and technology in health care, specifically focusing on the limitations of such technology. Students will be introduced to MS Excel and MS Access and shown how tools within these programs can help to mitigate some of the limitations.

*Grading status:* Letter grade.

HPM 350. Introduction to Health Services Systems. 3 Credits.

HPM 350 and 352 provide an overview of the United States health system. HPM 350 reviews the organization, management, and financing of the United States health system and the resources required to provide health services. Both courses introduce students to careers in the field of health policy and management.

*Grading status:* Letter grade.

HPM 351. Policy Issues in Health Services Delivery. 3 Credits.

Restricted to HPM B.S.P.H. students. This seminar addresses current health services delivery concerns from policy perspectives. Guest speakers, debates, and development of issue papers are used to explore implications for access and quality of health care.

*Grading status:* Letter grade.

HPM 352. Introduction to Health Services Systems II. 3 Credits.

HPM 352, in conjunction with HPM 350, provides an overview of the United States health services system, including such topics as quality of care and managed care. The course also introduces students to careers in the field of health policy and management and helps students develop necessary communication skills.

*Grading status:* Letter grade.

HPM 393. Field Training in Health Policy and Management. 2 Credits.

Restricted to HPM B.S.P.H. students. Required of all B.S.P.H. students in HPM. The first six weeks of a supervised 12-week administrative internship in a health care organization.

*Gen Ed:* EE-Field Work.

*Repeat rules:* May be repeated for credit; may be repeated in the same term for different topics; 4 total credits. 2 total completions.

*Grading status:* Letter grade.

**Advanced Undergraduate and Graduate-level**

HPM 420. Community and Public Health Security: Disasters, Terrorism, and Emergency Management. 3 Credits.

This course examines systems for emergency management at federal, state, and local levels. The roles of emergency management, health services, and public health in disaster management are also reviewed.

Every other week, evening online sessions required with instructors.

*Grading status:* Letter grade.

HPM 422. Emergency Management I: Analytic Methods. 3 Credits.

Introduction of analytical tools to assess, evaluate, map, and investigate disasters (including biological outbreaks). These tools will be used to improve planning and evaluation of disaster management programs.

Every other week, evening online sessions required with instructors.

*Grading status:* Letter grade.
HPM 423. Emergency Management II: Disaster Management. 3 Credits.  
Explores issues of preparedness, response, recovery, mitigation, and research in disaster management. Students will participate in evacuation decision making, volunteer management, and the development of a disaster exercise. Every other week, evening online sessions required with instructors.  
Grading status: Letter grade.

HPM 435. Marketing for Not-for-Profit Organizations. 3 Credits.  
Permission of the instructor. Application of basic principles of marketing and marketing decision models to problems in health care and other not-for-profit organizations.  
Grading status: Letter grade.

HPM 470. Statistical Methods for Health Policy and Management. 3 Credits.  
Introduction of linear model approach to analysis of data in health care settings. Topics include probability distributions, estimation tests of hypotheses, methods in multiple regression, and analysis of variance and covariance.  
Grading status: Letter grade.

HPM 472. Program Evaluation. 3 Credits.  
Concepts and methods of the program evaluation paradigm as applied in health administration.  
Grading status: Letter grade.

HPM 496. Readings in Health Policy and Management. 0.5-3 Credits.  
Directed readings or research. Written reports are required.  
Repeat rules: May be repeated for credit. 6 total credits. 2 total completions.  
Grading status: Letter grade.

HPM 522. Aging, Family, and Long-Term Care: Cultural, Ethnic, and Racial Issues. 3 Credits.  
Current issues pertaining to the health and well being of older Americans, and how such issues influence family dynamics and choices about long-term care. Critical topics on chronic illness, family and community caregiving, ethnicity/culture, and socioeconomic status will be covered in the course.  
Grading status: Letter grade.

HPM 532. Health Care Consulting. 3 Credits.  
This course will provide students with a working knowledge of the various forms of health care consulting, including internal consulting. Students will enhance their analytical, presentation, teamwork, and project management skills.  
Grading status: Letter grade.

HPM 550. Environmental and Science Journalism. 3 Credits.  
Prepare students to work as environmental and science journalists. The course emphasizes writing skills in all delivery formats and interpreting environmental, science, and medical information for consumers.  
Grading status: Letter grade  
Same as: MEJO 560, HBEH 660.

HPM 551. Environmental and Science Video Storytelling. 3 Credits.  
Students work in teams to produce, shoot, script, and report environmental, science, and medical stories for broadcast on "Carolina Week", the award-winning, student-produced television newscast.  
Grading status: Letter grade  
Same as: MEJO 561, HBEH 561.

HPM 552. Environmental and Science Documentary Television. 3 Credits.  
Students work in teams to conceive, produce, and script mini-documentaries on environmental and science topics for broadcast on North Carolina Public Television.  
Grading status: Letter grade  
Same as: MEJO 562, HBEH 562.

HPM 560. Media and Health Policy. 3 Credits.  
Introduces students to news media organizations and their role in health policy development. Students will learn how to evaluate media content and strategies and to effectively communicate via mass media.  
Grading status: Letter grade.

HPM 563. Advanced Health Policy Analysis. 3 Credits.  
The course is for master's and doctoral students interested in health policy. The course is intended to go beyond an introduction to policy analysis to a discussion and exploration of theories of policy analysis in a context of competing democratic ethics and values.  
Grading status: Letter grade.

HPM 565. Global Health Policy. 3 Credits.  
Coursework will focus on public policy approaches to global health, employing interdisciplinary methodologies to understand selected public health policies, programs, and interventions. For students who have a basic understanding of public health.  
Gen Ed: GL  
Grading status: Letter grade  
Same as: PLCY 565.

HPM 571. Health and Human Rights. 3 Credits.  
Course focuses on rights-based approaches to health, applying a human rights perspective to selected public health policies, programs, and interventions. Students will apply a formalistic human rights framework to critical public health issues, exploring human rights as both a safeguard against harm and a catalyst for health promotion.  
Gen Ed: PH, GL  
Grading status: Letter grade  
Same as: PLCY 567.

HPM 600. Introduction to Health Policy and Management. 3 Credits.  
This course provides an overview of the United States health care system. Students will explore the system's organization, financing, management, resources, and performance. For each topic, they will analyze relevant legislation and discuss current issues. Students will develop skills in policy research and analysis, health care system evaluation, and basic financial literacy.  
Grading status: Letter grade.

HPM 601. Issues in Health Care. 1 Credit.  
Lectures on current topics in health care.  
Grading status: Letter grade.

HPM 602. Concurrent Practice. 1-3 Credits.  
Permission of the program director. Supervised activities in an approved health organization, to include one or more specific projects, approved by HPM faculty member and directed by an approved preceptor/mentor in the organization.  
Grading status: Letter grade.
HPM 605. Practice Application Journaling I. 0.5 Credits.
This course is the first of six field-based Journal Practica in which students monitor their learning processes, identify where knowledge and skills learned in courses are helpful and relevant to areas of their professional responsibility, and apply that knowledge and those skills to actual work situations. 
Repeat rules: May be repeated for credit. 1 total credits. 2 total completions.
Grading status: Letter grade.

HPM 606. Practice Application Journaling II. 0.5 Credits.
This course is the second of six field-based journal practica in which students monitor their learning processes, identify where knowledge and skills learned in courses are helpful and relevant to areas of their professional responsibility, and apply that knowledge and those skills to actual work situations.
Requisites: Prerequisite, HPM 605.
Repeat rules: May be repeated for credit. 1 total credits. 2 total completions.
Grading status: Letter grade.

HPM 607. Practice Application Journaling III. 0.5 Credits.
This course is the third of six field-based journal practica in which students monitor their learning processes, identify where knowledge and skills learned in courses are helpful and relevant to areas of their professional responsibility, and apply that knowledge and those skills to actual work situations.
Repeat rules: May be repeated for credit. 1 total credits. 2 total completions.
Grading status: Letter grade.

HPM 608. Practice Application Journaling IV. 0.5 Credits.
This course is the fourth of six field-based journal practica in which students monitor their learning processes, identify where knowledge and skills learned in courses are helpful and relevant to areas of their professional responsibility, and apply that knowledge and those skills to actual work situations.
Repeat rules: May be repeated for credit. 1 total credits. 2 total completions.
Grading status: Letter grade.

HPM 609. Practice Application Journaling V. 0.5 Credits.
This course is the fifth of six field-based journal practica in which students monitor their learning processes, identify where knowledge and skills learned in courses are helpful and relevant to areas of their professional responsibility, and apply that knowledge and those skills to actual work situations.
Repeat rules: May be repeated for credit. 1 total credits. 2 total completions.
Grading status: Letter grade.

HPM 610. Practice Application Journaling VI. 0.5 Credits.
This course is the sixth and final of six field-based journal practica in which students monitor their learning processes, identify where knowledge and skills learned in courses are helpful and relevant to areas of their professional responsibility, and apply that knowledge and those skills to actual work situations.
Repeat rules: May be repeated for credit. 1 total credits. 2 total completions.
Grading status: Letter grade.

HPM 611. Public Health Concepts in a Systems Context. 3 Credits.
This course develops systems reasoning in health policy and management students through the application of systems techniques and systems thinking to core public health concepts in health policy and management, environmental health, epidemiology, and health behavior and health education.
Grading status: Letter grade.

HPM 620. Implementing Health Informatics Initiatives. 3 Credits.
Focuses on implementing informatics programs and projects in health organizations. Informatics initiatives aim to facilitate effective information use for the purpose of improving the quality of health services and/or efficiency of processes. Therefore, these initiatives have implications for various stakeholder groups, including consumers, practitioners, administrators, and policy makers.
Repeat rules: May be repeated for credit. 6 total credits. 2 total completions.
Grading status: Letter grade.

HPM 625. Diagnosis and Design of Multilevel Intelligence for a Smart Health System. 3 Credits.
Examines how both public health surveillance and health care delivery performance monitoring systems serve as drivers/enablers of health system situational awareness and intelligence. Students will gain knowledge of the methods used to evaluate the use of health systems intelligence in multilevel decision making. This course is intended as a nontechnical introduction to applied health systems informatics.
Repeat rules: May be repeated for credit; may be repeated in the same term for different topics; 12 total credits. 4 total completions.
Grading status: Letter grade.

HPM 630. IHI Course in Healthcare Quality Improvement. 1.5 Credit.
The IHI Certificate demonstrates an investment in further education and a strong knowledge base in quality improvement. Upon completion of this course, students will have met the requirements for the IHI Open School Certificate and participated in two in-person sessions.
Grading status: Letter grade.

HPM 634. Public Health Issues in Community Preparedness and Disaster Management. 3 Credits.
Examines conventional public health constructs of community preparedness and disaster management. Includes a review of traditional and emerging literature. Emphasizes conceptual development and application of adaptive leadership strategies.
Grading status: Letter grade
Same as: PWAD 634.

HPM 640. LEAN/Six Sigma I for Health Policy and Management. 1 Credit.
This course is an introduction to Lean Six-Sigma. Students will be exposed to continuous quality improvement (CQI) methods based on Toyota Production System (TPS or Lean) and Six-Sigma philosophy, methods, and tools.
Grading status: Letter grade.

HPM 641. LEAN/Six Sigma II for Health Policy and Management. 1 Credit.
This project-based course explores the phases of Six-Sigma approach to continuous quality improvement: define, measure, analyze, improve, and control (DMAIC). The overall objective of this course is to help students understand the challenges and pitfalls involved in completing a DMAIC project to drive change at organizational, unit, and individual levels.
Requisites: Prerequisite, HPM 640.
Grading status: Letter grade.
HPM 660. International and Comparative Health Systems. 3 Credits.
Methods of comparing health systems, examinations of related national health systems, and analysis of related high prevalence health issues.
Grading status: Letter grade.

HPM 664. Globalization and Health. 3 Credits.
Globalization—its economic, environmental, political, technological, institutional, and sociocultural dimensions—historically and currently contributes to beneficial and adverse effects on population, community, and family and individual health.
Grading status: Letter grade
Same as: MHCH 664.

HPM 669. Special Topics in Health Policy and Management. 0.5-3 Credits.
Special topics course for health policy and management undergraduate students.
Repeat rules: May be repeated for credit; may be repeated in the same term for different topics; 3 total credits. 2 total completions.
Grading status: Letter grade.

HPM 691. Honors Research. 3 Credits.
Required preparation, approved cumulative grade point average by the end of the junior year. Readings and seminars for undergraduates showing potential and talent for research. Students will design an independent research project, write a proposal, and complete an IRB application toward partial completion of an honors thesis.
Gen Ed: EE-Mentored Research.
Grading status: Letter grade.

HPM 692. Independent Honors Research. 3 Credits.
Permission of the instructor. Students collect data, analyze and report findings, and make recommendations to complete an honor thesis and present findings in presentation/poster format.
Requisites: Prerequisite, HPM 691.
Gen Ed: EE-Mentored Research.
Grading status: Letter grade.

HPM 697. B.S.P.H. Capstone. 3 Credits.
The capstone course is an "integrative exercise" for B.S.P.H. students prior to graduation. It is intended to simulate the integration of various disciplines—finance, human resources, ethics, policy, operations, and information technology—into a comprehensive and practical framework. Students work with healthcare organizations to solve financial or operational problems.
Repeat rules: May be repeated for credit. 6 total credits. 2 total completions.
Grading status: Letter grade.
