EDUCATION MINOR

The undergraduate minor in education is appropriate for undergraduate students interested in furthering their knowledge of education as a means of career development or to enhance their understanding of current schooling, community, and policy directions.

To declare a minor in education, you must see an advisor by appointment. During the declaration appointment, the advisor will review with you the requirements for the minor and determine if you can complete the program within the eight-semester limit.

If you intend to declare a minor in education and have already declared (or intend to declare) a major in human development and family science (HDFS) or human and organizational leadership development (HOLD), only six (6) credit hours can overlap between the education minor and the HDFS and HOLD majors.

As a part of the minor, students will complete a capstone course (EDUC 697). Students are eligible to take the capstone when at least three of the other four requirements have been completed.

More information is available on the School of Education's website (http://soe.unc.edu/academics/education-minor/).

Requirements

In addition to the program requirements listed below, students must:

- take at least nine hours of their minor "core" requirements at UNC— Chapel Hill
- earn a minimum cumulative GPA of 2.000 in the minor core requirements. Some programs may require higher standards for minor or specific courses.

For more information, please consult the degree requirements section of the catalog (https://catalog.unc.edu/undergraduate/degree-requirements/).

The minor consists of five courses.

Culture

Code	Title	Hours
Three courses in the School of Education:
