

ENVIRONMENTAL STUDIES— SUSTAINABILITY TRACK, A.S. TO B.A.

This is a suggested course plan. It is highly recommended that you meet regularly with your academic advisor to determine your course selection and progress toward graduation.

Students who transfer to UNC under the Comprehensive Articulation Agreement (CAA) have all lower-level General Education requirements completed, but must complete these requirements through transfer or UNC coursework: Global Language, Research and Discovery, Lifetime Fitness, Communication Beyond Carolina, Campus Life Experience, and, where applicable, Supplemental General Education. Students who do not transfer in under the CAA should work closely with their advisor to determine which requirements apply to them for the IDEAs in Action General Education curriculum (<http://catalog.unc.edu/undergraduate/ideas-in-action/>).

This catalog also includes a complete list of requirements for the Environmental Studies—Sustainability Track B.A. degree (<http://catalog.unc.edu/undergraduate/programs-study/environmental-studies-major-ba/#requirementstext>).

¹ Required in the major.

² Counts in the major.

³ Both ECO 251 and ECO 252 must be taken to earn UNC ECON 101 transfer credit. ECON 101 is required in the major.

⁴ Students can complete Environmental Skills Core Courses for either the Basic Science or Programming and Informatics categories through courses at the NCCC. This Pathway assumes students will complete one of these at the Community College, so only two Environmental Skills Core Courses are listed to be taken at UNC. Students who wish to take Environmental Skills Core Courses that do not include these two categories should be able to do so by adjusting when they take elective hours at UNC.

⁵ All NC Community College Language courses numbered 211 are approved to transfer to UNC-Chapel Hill as a course that completes the GBLB-LANG IDEAs in Action requirement.
