MATERNAL AND CHILD HEALTH (MHCH)

MHCH 605. Breastfeeding and Global Health Seminar. 3 Credits.
This survey course will briefly cover the principal topics in this broad field of knowledge, including domestic and global issues.

Rules & Requirements
Grading Status: Letter grade.

MHCH 610. Issues in Maternal and Child Health. 3 Credits.
Permission of the instructor. For students outside the department of MCH who desire a survey of current issues and programs in maternal and child health. Three lecture hours per week.

Rules & Requirements
Grading Status: Letter grade.

MHCH 611. Food And Your Life Stages. 3 Credits.
This course covers nutrition during the life cycle. Units include women during preconception, pregnancy, and lactation; infancy; childhood; adolescence; and older adults (65+). Nutrient and energy needs, assessment of nutritional status, and cultural and socioeconomic barriers are discussed for each phase.

Rules & Requirements
Requisites: Prerequisite, NUTR 240.
Grading Status: Letter grade.
Same as: NUTR 611.

MHCH 625. Injury as a Public Health Problem. 3 Credits.
This course examines unintentional injuries from a public health perspective. The course covers core concepts in injury prevention and control, including the epidemiology of unintentional injury, prevention strategies, behavioral models, child and adolescent injury, messaging framing, the Haddon matrix, and injury surveillance.

Rules & Requirements
Requisites: Corequisite, EPID 600.
Grading Status: Letter grade.
Same as: EPID 625, HBEH 625.

MHCH 626. Violence as a Public Health Problem. 3 Credits.
This course covers core concepts in violence prevention and control, including the epidemiology of violence, prevention strategies for interpersonal and intra-personal violence, behavioral models that describe power structures that reinforce personal and societal factors affecting self-harm and violence towards others, and violence directed towards children and adolescents.

Rules & Requirements
Grading Status: Letter grade.
Same as: EPID 626, HBEH 626.

MHCH 664. Globalization and Health. 3 Credits.
Globalization—its economic, environmental, political, technological, institutional, and sociocultural dimensions—historically and currently contributes to beneficial and adverse effects on population, community, and family and individual health.

Rules & Requirements
Grading Status: Letter grade.
Same as: HPM 664.

MHCH 665. Introduction to Racial and Ethnic Health Disparities. 1 Credit.
Eliminating health disparities is a national goal for improving the health of Americans. Little to no progress has been made on eliminating disparities among racial/ethnic subpopulations compared to the population of the United States. This course treats basic concepts about the origins of and contributing factors for health disparities.

Rules & Requirements
Grading Status: Letter grade.

MHCH 680. Global Sexual and Reproductive Health. 1 Credits.
Featuring international experts from UNC-Chapel Hill and Triangle-based nongovernmental organizations, this course will offer a series of lectures, panel discussions, and debates to inform students’ critical thinking on key public health issues in global sexual and reproductive health.

Rules & Requirements
Grading Status: Letter grade.

MHCH 685. Human Sexuality. 1 Credits.
Through lectures and panel discussions this course will use a life span framework to examine selected aspects of sexual development, including perspectives on sexuality; the physical self; sexual attraction, behavior, and relationships; and the implications of these factors for physical and mental health. No prerequisites; all students are welcome.

Rules & Requirements
Grading Status: Letter grade.

MHCH 690. Special Topics in Maternal Health and Child Health. 1-3 Credits.
Special topics in maternal health and child health. Content will vary from semester to semester.

Rules & Requirements
Repeat Rules: May be repeated for credit; may be repeated in the same term for different topics; 12 total credits. 4 total completions.
Grading Status: Letter grade.

MHCH 701. Foundations of Maternal and Child Health I. 3 Credits.
This course introduces the major issues affecting the health and well-being of women during the reproductive years, infants, children, and adolescents in domestic and international settings. First semester of a two-semester course. Permission of the instructor for non-majors.

Rules & Requirements
Grading Status: Letter grade.

MHCH 702. Foundations of Maternal and Child Health II. 2 Credits.
Permission of the instructor for nonmajors. Second part of a two-part course that introduces the major issues affecting the health and well-being of women during the reproductive years, infants, children and adolescents in domestic and international settings. Second semester of a two-semester course.

Rules & Requirements
Requisites: Prerequisite, MHCH 701.
Grading Status: Letter grade.
MHCH 704. Critical Review of an Infant Feeding Issue. 3 Credits.
This independent study will include selection of a research area that would allow preparation of a coauthored paper for peer-review publication on an approved subject related to infant and young child feeding and care and associated maternal health and nutrition issues.

Rules & Requirements
Grading Status: Letter grade.

MHCH 710. Leadership in Maternal and Child Health. 2 Credits.
This course is designed to integrate the theory, research literature, and evidence-supported practices related to leadership in maternal and child health. Students will consider each of the twelve core MCH Leadership Competencies within the spheres of influence that leaders experience as they advance in their careers. Students will hear from public health professionals in the field, consider perspectives of various stakeholders and examine/apply new skills.

Rules & Requirements
Grading Status: Letter grade.

MHCH 713. Research Methods in Maternal and Child Health. 3 Credits.
Permission of the instructor for nonmajors. The art and science of MCH research, with an emphasis on applied survey research. Student groups will design and carry out a small study, and present their findings in a poster presentation. Focuses on assessment of MCH population characteristics, secondary data analysis, and the evaluation of MCH programs. A practicum-based course. Three lecture hours per week.

Rules & Requirements
Grading Status: Letter grade.

MHCH 713L. Research and Evaluation Methods in Maternal and Child Health Lab. 1 Credits.
Permission of the instructor for nonmajors. The MHCH 713 lab, which is a companion course to MHCH 713, introduces students to statistical analysis using Stata. One hour and 15 minutes of lab per week.

Rules & Requirements
Grading Status: Letter grade.

MHCH 716. International Family Planning and Reproductive Health. 3 Credits.
Permission of the instructor for nonmajors. Course provides overview of critical issues including major theoretical frameworks, patterns and trends over time, and overview of history of family planning and reproductive health policy development. Three lecture hours per week.

Rules & Requirements
Grading Status: Letter grade.

MHCH 720. Services for Children with Chronic Conditions. 3 Credits.
Permission of the instructor. This course focuses on the design, organization, and delivery of services for children with special needs and their families, and examines current program development and public policies. Participants analyze the range of services needed by these children.

Rules & Requirements
Grading Status: Letter grade.

MHCH 722. Global Maternal and Child Health. 3 Credits.
This course covers the main causes of maternal and under-five morbidity and mortality in developing countries and also the interventions, policies, and research which address these causes. Emphasis is placed on both distal and proximate determinants, measurement and indicators, and conceptual frameworks.

Rules & Requirements
Grading Status: Letter grade.

MHCH 723. Introduction to Monitoring and Evaluation. 3 Credits.
This course provides the students with the basic concepts and methodologies needed to monitor and evaluate programs of global health programs. Course covers M&E systems; conceptual frameworks/logic models; indicators; information sources; evaluation designs and related topics for health programs in developing country settings. This course is required for the MCFH and GH concentrations.

Rules & Requirements
Grading Status: Letter grade.

MHCH 724. Abortion Care and Policy. 2 Credits.
This course will provide an overview of the critical issues in abortion care and policy, both in the US and globally. We will cover the major theoretical frameworks defining abortion care and policy, and the epidemiology of abortion globally and nationally.

Rules & Requirements
Grading Status: Letter grade.

MHCH 726. Adolescent Health. 3 Credits.
Topics covered include the epidemiology of health problems, developmental issues, health services, and psychosocial influences on adolescent problem behaviors. Course materials are useful for research generation and practical application. Three seminar hours per week.

Rules & Requirements
Grading Status: Letter grade.

MHCH 728. Introduction to Implementation Research and Practice in Maternal, Child and Family Health. 3 Credits.
Permission of the instructor for nonmajors. Implementation research and practice addresses the gap between the development of innovations in public health and their delivery in routine practice. Course provides an overview of core theories/methods in implementation research and practice plus implementation determinants and strategies at the intervention, individual, organizational, and policy levels.

Rules & Requirements
Grading Status: Letter grade.

MHCH 729. Implementation Science for Global Maternal and Child Health. 3 Credits.
This course examines contributions of implementation science to global maternal and child health with a focus on research methods. The course builds on introductory implementation science courses to highlight further the application of implementation science theories, frameworks, and tools to challenges in global health.

Rules & Requirements
Requisites: Prerequisite, MHCH 728 (for Master's MCFH students), or an equivalent course if outside MCH; no prerequisites for doctoral students, but prior graduate level courses in research methods are desirable.
Grading Status: Letter grade.
MHCH 732. Gender-Based Violence. 3 Credits.
The MHCH Gender-Based Violence (GBV) course provides a forum for students to explore contemporary issues in GBV from both a research and practice standpoint. Students will be introduced to a myriad of domestic and international GBV issues, from intimate partner violence and campus sexual assault to sex trafficking.

Rules & Requirements
Grading Status: Letter grade.

MHCH 740. Problems in Maternal and Child Health. 1-3 Credits.
Prerequisites to be arranged with departmental faculty in each individual case. Two to six hours a week.

Rules & Requirements
Repeat Rules: May be repeated for credit; may be repeated in the same term for different topics.
Grading Status: Letter grade.

MHCH 745. Applied Methods for Health Transformation Implementation in MCH. 1-3 Credits.
MHCH 745 will integrate theory, research literature, and evidence-supported practices that promote optimal population health outcomes in women, children, adolescents, and family. The course will allow participants to examine and apply knowledge and skills that lead to health transformation in the 21st century. Topics include: Title V assessment, current funding for MHCH; equity and the social determinants of health; workforce development; change management and leadership; community engagement; systems thinking; evidence-based decision making; and implementation science.

Rules & Requirements
Grading Status: Letter grade.

MHCH 765. Clinical Support for Breastfeeding. 3 Credits.
Master’s or clinical four-year degree required. This two-semester clinical course is structured to provide supervised breastfeeding support education in the context of clinical lactation services and public health practice.

Rules & Requirements
Grading Status: Letter grade.

MHCH 766. Clinical Support for Breastfeeding II. 3 Credits.
Master’s or clinical four-year degree required. This two-semester clinical course is structured to provide supervised breastfeeding support education in the context of clinical lactation services and public health practice.

Rules & Requirements
Requisites: Prerequisite, MHCH 765.
Grading Status: Letter grade.

MHCH 775. Introduction to Qualitative Methods in Public Health Research. 3 Credits.
This introductory qualitative research methods course focuses on understanding the meaning, purpose, and basic concepts of qualitative research for public health practice. Through applied work, students will learn how to formulate qualitative research questions, develop interview guides, collect data, analyze data, and report findings.

Rules & Requirements
Grading Status: Letter grade.

MHCH 780. Cultural Humility. 1 Credits.
Cultural Humility is part of the required training sequence for second year MPH students in the Global Health concentration. This course is designed to provide students with the skills to work in culturally complex settings and to apply cultural humility when engaging in global health research and practice. GH concentration only.

Rules & Requirements
Grading Status: Letter grade.

MHCH 785. Decolonizing MCH: Theory and Qualitative Methods. 3 Credits.
This graduate seminar provides Maternal and Child Health (MCH) students with an opportunity to examine key theories and qualitative methodologies that advance anti-racist, abolitionist, intersectional feminist, and emancipatory scholarship for health equity and reproductive justice. Students gain a deeper understanding of the intellectual foundations of research justice. And learn to design research questions, data collection strategies, and analytic techniques that decolonize knowledge production. Preference given to students enrolled in the MCH department or MCFH concentration.

Rules & Requirements
Grading Status: Letter grade.

MHCH 801. Doctoral Research Seminar. 3 Credits.
This seminar explores the origins of and developments in major maternal and child health policies and programs in order to understand their effects on the health of mothers and children.

Rules & Requirements
Requisites: Prerequisites, MHCH 701 and 702.
Grading Status: Letter grade.

MHCH 840. Maternal and Child Health Doctoral Teaching Internship. 1 Credits.
Enrollment in MCH doctoral program required. MCH internship to enhance doctoral training in teaching.

Rules & Requirements
Repeat Rules: May be repeated for credit; may be repeated in the same term for different topics.
Grading Status: Letter grade.

MHCH 841. Maternal and Child Health Doctoral Research Internship. 1 Credits.
Enrollment in MCH doctoral program required. This MCH internship is to enhance doctoral training in research through exposure to and participation in various stages of research.

Rules & Requirements
Repeat Rules: May be repeated for credit.
Grading Status: Letter grade.

MHCH 851. Reproductive and Perinatal Epidemiology. 3 Credits.
Epidemiology of reproductive and perinatal health outcomes, including infertility, fetal loss, preterm birth, birthweight, congenital malformations, and infant mortality. Includes current knowledge regarding epidemiology of these outcomes and discussion of methodologic issues. Three lecture hours per week.

Rules & Requirements
Requisites: Co-requisites, BIOS 600 and EPID 600; Equivalent experience for students lacking the co-requisites.
Grading Status: Letter grade.
Same as: EPID 851.
MHCH 853. Advanced Topics in Perinatal and Pediatric Epidemiology. 2 Credits.
Critical review of current topics in, and methods for, perinatal and pediatric epidemiology.

Rules & Requirements
Requisites: Prerequisites, EPID 710 and 851; Permission of the instructor for master's level students.
Grading Status: Letter grade.
Same as: EPID 853.

MHCH 859. Proposal development for MATERNAL AND CHILD HEALTH. 3 Credits.
A course in the development and preparation of a research proposal of high public health significance and methodological rigor, following the format of an NIH application. Students will also be introduced to the NIH review process and engage in critical evaluation of peer assignments.

Rules & Requirements
Grading Status: Letter grade.

MHCH 860. Conceptualization, Design, and Measurement. 3 Credits.
The course follows the research process from the formulation of a research question and the design of a research methodology to the addressing of the question through the design of an appropriate analysis strategy. Three lecture hours a week.

Rules & Requirements
Requisites: Prerequisite, MHCH 859; Permission of the instructor for nonmajors and master's students.
Grading Status: Letter grade.

MHCH 862. Program Impact Evaluation. 3 Credits.
Required preparation, knowledge of Stata or SAS; proficiency in inferential statistics and multiple regression analysis. Instructor permission required for non-second year MCH doctoral students. Program impact evaluation analytic skills seminar. Topics: selectivity, research designs, instrumental variables, difference-in-differences, fixed and random effects, regression discontinuity, matching, and selection models.

Rules & Requirements
Grading Status: Letter grade.

MHCH 890. Special Topics in Maternal and Child Health. 1-3 Credits.
Special topics in Maternal and Child Health for graduate students only. Content will vary semester to semester.

Rules & Requirements
Repeat Rules: May be repeated for credit. 3 total credits. 3 total completions.
Grading Status: Letter grade.

MHCH 992. Master's (Non-Thesis). 3 Credits.
Rules & Requirements
Repeat Rules: May be repeated for credit.

MHCH 994. Doctoral Research and Dissertation. 3 Credits.
Rules & Requirements
Repeat Rules: May be repeated for credit.
