SCHOOL OF PUBLIC HEALTH GENERAL (SPHG)

SPHG 101. Exploring Public Health Fields. 1 Credit.
This introductory course serves to develop a foundation in the breadth and depth of public health, locally and globally. Students will develop an understanding of the basic concepts of the public health disciplines and research, and how they are used to promote health at a population level.
Grading status: Pass/Fail.

SPHG 190. Special Topics in Public Health. 1-3 Credits.
Public health topics will vary with the instructor and semester.
Repeat rules: May be repeated for credit. 3 total credits. 3 total completions.
Grading status: Letter grade.

SPHG 350H. Introduction to Public Health. 3 Credits.
This introductory course will describe the history of public health, the key terms and concepts, and how the core areas of public health are integrated to promote health at a population level. The class will engage the students in active learning through the use of media, innovative technology, discussion groups, and field experiences.
Grading status: Letter grade.

SPHG 351. Foundations of Public Health. 3 Credits.
This course is designed to introduce you to public health and help you develop the knowledge and skills necessary to identify and describe public health problems. Restricted to matriculated BSPH majors in BIOS, HPM, EHS, and NUTR.
Requisites: Prerequisite, BIOL 101.
Grading status: Letter grade.

SPHG 352. Public Health Systems and Solutions. 4 Credits.
The course is designed to help you understand and analyze complex health systems and develop the knowledge and skills necessary to develop, implement, and evaluate solutions to public health problems.
Requisites: Prerequisite, SPHG 351.
Grading status: Letter grade.

SPHG 428H. Public Health Entrepreneurship. 3 Credits.
Basic concept underlying commercial and social entrepreneurship applied to public health, including guest lectures by individuals with proven success in these areas.
Grading status: Letter grade.

SPHG 429. Public Health, Entrepreneurship, and Food Systems in Southeast Asia. 3 Credits.
Thailand-based summer version of this course will introduce students to basic concepts and case studies of commercial and social entrepreneurship as applied to the pursuit of public health through both for-profit and non-profit entities. This course features many guest speakers with successful experience in public health entrepreneurship in diverse arenas as well as those who have experienced challenges or venture failures. Students may not receive credit for both SPHG 428 and SPHG 429. Honors version available
Grading status: Letter grade.

SPHG 429H. Public Health, Entrepreneurship, and Food Systems in Southeast Asia. 3 Credits.
Thailand-based summer version of this course will introduce students to basic concepts and case studies of commercial and social entrepreneurship as applied to the pursuit of public health through both for-profit and non-profit entities. This course features many guest speakers with successful experience in public health entrepreneurship in diverse arenas as well as those who have experienced challenges or venture failures. Students may not receive credit for both SPHG 428 and SPHG 429.
Grading status: Letter grade.

SPHG 690. Special Topics in Public Health. 1-3 Credits.
Topic will vary with the instructor and semester.
Repeat rules: May be repeated for credit; may be repeated in the same term for different topics; 9 total credits. 3 total completions.
Grading status: Letter grade.

SPHG 701. Leading from the Inside-Out. 2 Credits.
This course prepares students for public health practice by helping them examine, unpack, and mitigate biases, introducing fundamental leadership skills necessary to advance equity. Restricted to MPH students only.
Grading status: Letter grade.

SPHG 702. Practicum Assignments & Interprofessional Practice Activities. 1 Credit.
This course awards credit to required practicum assignments and includes a series of interprofessional practice activities designed to provide healthcare professionals with the foundational skills needed to work in teams to effectively collaborate and coordinate care in population health. Restricted to MPH students only.
Requisites: Prerequisite, SPHG 701.
Grading status: Letter grade.

SPHG 711. Data Analysis for Public Health. 2 Credits.
This introductory course is part of the MPH core curriculum and focuses on the biostatistics and analysis methods commonly found in public health. Students will learn to produce, interpret, and use straight-forward data analyses.
Grading status: Letter grade.

SPHG 712. Methods and Measures for Public Health Practice. 2 Credits.
This course is part of the MPH core curriculum, and introduces epidemiologic concepts and how to describe population patterns of health, inequities, and their determinants.
Requisites: Corequisite, SPHG 713.
Grading status: Letter grade.

SPHG 713. Understanding Public Health Issues. 2 Credits.
This course is part of the MPH core curriculum and provides students with the skills to identify and describe public health issues in specific contexts.
Requisites: Corequisite, SPHG 712.
Grading status: Letter grade.
SPHG 721. Public Health Solutions: Systems, Policy and Advocacy. 2 Credits.
This course explores how public health practitioners establish priorities for action, with context and community as crucial factors. We examine strategies for addressing public health problems at each level of the social-ecological framework. Builds on first semester MPH core courses.
Requisites: Prerequisites, SPHG 711, 712 and 713.
Grading status: Letter grade.

SPHG 722. Developing, Implementing, and Evaluating Public Health Solutions. 4 Credits.
Students will identify, analyze and prioritize potential public health solutions. In addition, students will learn to adapt evidence-based solutions, engage with stakeholders, and disseminate solutions. Builds on first semester MPH core courses.
Requisites: Prerequisites, SPHG 711, 712 and 713.
Grading status: Letter grade.

SPHG 992. Master's (Non-Thesis). 3 Credits.
This course serves as the Master’s Thesis substitute course for the MPH program.
