The Department of Art and Art History at UNC–Chapel Hill fosters exchange among creative endeavor, scholarly investigation, and bold expression, through faculty research, graduate student training, undergraduate programs, and public events. The department aims to be an integral part of the University community dedicated to free inquiry that is pursued through both the arts and sciences and expressed in objects, images and text.

Through an innovative and rigorous curriculum, students learn the critical skills of creative problem solving and self-expression. The undergraduate programs aim to help students articulate their individual perspectives on values and beliefs while discovering their places in a society that is increasingly shaped by visual communications, technology, and globalization. To do so, students develop their creative and scholarly vision and the technical skills to express that vision through their works of art and writing. The highly rated graduate programs in art history and studio art promote these ideals on an advanced level, and have proven their effectiveness through the post-graduate placement and national awards that students receive.

- **Mission:** Make | Frame | Reveal
- **Vision:** Thinking and Creating across Boundaries
- **Values:** The curiosity, empathy, and courage to engage diverse perspectives

As a department, we are committed to working closely with our students and to guiding them in developing an individual voice. We cultivate exchange between studio art and art history and offer maximum flexibility within our individual programs.

Majors and minors in art history become acquainted with the historical significance, cultural diversity, and intellectual richness of human artistic traditions, enabling students to investigate the complex roles played by the arts in a variety of social contexts.

The studio art program offers three different degree programs for majors as well as a minor, and each encourages experimentation, crossing boundaries, and hybrid processes as well as engaging the history and traditions of art. Through directed practice and creative research, faculty work closely with students to stimulate aesthetic and intellectual inquiry, impart portable skills, and motivate self-exploration to help students create outstanding works of art.

Students may choose from a range of studio coursework designed to develop both skills and a personal creative vision. Students develop two critical skills: the means of self-expression and techniques for creative thinking. While the undergraduate program focuses on the fine arts, the course of study nonetheless offers a sound foundation for students to move into art education, design fields, and other art-related careers as well as preparation for further study or careers in the fine arts.

**Credit by Examination**

**ART HISTORY**

Students who pass the Advanced Placement (AP) examination in art history and earn a score of 3 will receive credit for ARTH 152.

**STUDIO ART**

The Studio Art program awards placement only (PL) for work done in the Advanced Placement (AP) and International Baccalaureate (IB) programs. Students who pass the AP portfolio exam for 2-D Design, 3-D Design or Drawing with a score of 4 or 5 receive placement for ARTS 102, ARTS 103, or ARTS 104 respectively. Students earning a score of 6 or higher on the IB portfolio receive placement for ARTS 104. Placement effectively means that students can waive ARTS 102, 103 or 104 prerequisites.

**Advanced Placement by Portfolio Review**

Students who score a 3 on AP portfolios or 5 on the IB may petition for a portfolio review to determine if they can waive ARTS 102 or ARTS 104 requirements. In addition to these threshold scores, art majors who have broad experience in visual art may petition to waive some prerequisites by submitting a portfolio for review. If the review is successful, students receive placement only. Students then substitute any other ARTS coursework to satisfy the total credit hours required in the major. Portfolio requirements are modeled after the College Board Advanced Placement portfolios. These guidelines are available from the director of undergraduate studies in studio art, the student services specialist, or on the art majors’ Sakai site. Portfolios are reviewed annually in September only. Contact the director of undergraduate studies in studio art at the beginning of the fall semester to make arrangements for submitting a portfolio.

**Advising**

**TWO ADVISORS**

All majors and minors have two advisors; a primary academic advisor in Steele Building and departmental advisors for program-specific planning. Students are strongly encouraged to meet regularly with both advisors and review their Tar Heel Tracker each semester. The undergraduate advisors in art history and studio art work with current and prospective majors and minors by appointment. On request, art history majors may be assigned an individual faculty advisor. Departmental academic advising is particularly important for those majors who are considering honors thesis work or graduate school.

**INFORMATION, ANNOUNCEMENTS, AND SESSIONS**

If in any semester curricular opportunities or changes are relevant to all majors and minors in either programmatic area of the department, students receive an advisory announcement with relevant details via the art and art history majors’ listserv. When issues are larger than can be accommodated by electronic communication, general advising sessions are scheduled prior to registration. Students are strongly encouraged to attend such sessions since questions of collective relevance often arise. Basic details are also posted on the majors’ Sakai site.

Additionally, special information sessions are held periodically to guide students on awards, study abroad, internships, and research
opportunities (especially the Summer Undergraduate Research Fellowships). These sessions are announced via the majors’ listerv and on the majors’ Sakai site, as well as by posters in the Hanes Art Center and Art Lab.

Course Enrollment and Audit Policies

STUDIO ART

During the fall and spring semester registration periods, enrollment in studio art (ARTS) courses is temporarily restricted to students who have declared a major or minor in studio art to ensure that the students can graduate in a timely manner. Students who are not part of the studio art program will have the opportunity to enroll only when the restriction period has ended — no exceptions. Please refer to the “Notes” section in ConnectCarolina ARTS course listings to determine restriction dates established by the department. Major and minor enrollment restrictions do not apply to the following types of ARTS courses: Honors, Carolina Courses Online, or First-Year Seminars.

Unfortunately, ARTS courses cannot be audited by current students or members of the community. This is due to the participatory nature of studio courses and finite resources, which includes classroom space and potential safety hazards associated with overcrowding. Prospective auditors are encouraged to audit art history courses with instructor consent.

Facilities

CLASSROOMS AND STUDIOS

The department possesses outstanding facilities for the teaching of both art history and studio art in the Hanes Art Center. The building houses state-of-the-art facilities for image projection required in art history. Specialized classrooms for art practice include large studios for painting, drawing, and mixed media. A dedicated space is available for installation projects. The John C. Henry Printmaking Studio is a wonderfully spacious 3,325-square-foot laboratory providing ambient workspace for a variety of printmaking processes. Studios for photography include both darkroom (black and white) and digital photography and a dedicated shooting studio. The digital laboratories at UNC—Chapel Hill are Mac-based, with the most current software needed for work in photography (including large-scale output), video, and digital/electronic media. UNC also provides access to the entire Adobe Creative Suite for all students. Students enrolled in studio art classes have 24-hour access to these laboratories. In addition, the 17,686-square-foot Art Lab, located 1.8 miles north of the Hanes Art Center (108 Airport Drive), houses the department’s sculpture and ceramic facilities.

In addition to the departmental classroom spaces, the Hanes Art Center also houses one of the BeAM (Be A Maker) makerspaces at UNC. The BeAM space at Hanes is equipped with a variety of hand tools and some wonderful high-tech machines including a vinyl cutter, 3-D printers, a laser cutter, and a CNC router. All of this is provided at no charge to students.

LIBRARIES

Department of Art and Art History resources also include the Joseph C. Sloane Art Library with its collection of 100,000 volumes, which is supplemented by the University’s academic affairs libraries, with holdings of more than six million volumes. The department also has a Visual Resources Library, which oversees almost 300,000 slides and digital images for use in teaching and research.

EXHIBITION SPACES

The John and June Allcott Galleries in the Hanes Art Center are sites for numerous exhibitions throughout the year. The main gallery has an exhibition schedule of 12 to 15 shows each year, showing work by professional artists, faculty, and students. For a large portion of the spring semester, this gallery is dedicated to M.F.A. thesis exhibitions. The John and June Allcott Undergraduate Gallery is the exhibition space designed especially for work produced or chosen by undergraduate students. Both galleries are periodically used as an incubator space by the Curatorial Practices class where students explore concepts and logistics of curating exhibitions. The Hanes Art Center also houses the SAMple gallery. This space run by the Studio Art Majors Association (SAMA) to showcase work by SAMA members.

The Alumni Sculpture Garden occupies the grounds surrounding the Hanes Art Center. Temporary exhibitions of sculpture are commissioned by the department and are on display for a two-year period. Commissions are awarded annually to undergraduate and graduate students.

The Ackland Art Museum is located adjacent to the Hanes Art Center. The Ackland’s programming regularly augments the educational experience of the University community.
