

POWER AND SOCIETY

Students engage with several key concepts that are fundamental to the analysis of societies and cultures. Courses in this category draw upon the histories, perspectives, politics, intellectual traditions, and/or expressive cultures of various societies to explore inequalities in access to power among different social groups.

Power and Society (FC-POWER) is a required Focus Capacity course in the IDEAs in Action curriculum.

A single course may be used to fulfill only one Focus Capacity requirement (not including lab).
