ASTRONOMY MINOR

Everything around you is influenced or governed by physics — the study of matter, energy, and their interactions with one another. Physics seeks to understand the way the universe "works," from the smallest neutrinos to the structure of the cosmos. It is the foundation of all other natural sciences, including chemistry, biology, oceanography, geography, and radiography.

The Department of Physics and Astronomy offers eight degree tracks:

- **B.A. Physics**
  - Physics
  - Astronomy
  - Computational Physics
  - Energy
  - Medical and Biological Physics
  - Quantitative Finance

- **B.S. Physics**
  - Physics
  - Astrophysics

Consider a B.A. degree if you're interested in physics but want to apply your training toward a wider variety of career paths after graduation. Students who completed this program have launched careers as lab researchers, application engineers, data scientists, and financial analysts, among other occupations. Some have also pursued an advanced degree in physics, medical physics, business, law, or computer science.

Consider a B.S. degree if you intend to pursue graduate study in physics, astronomy, or a related field, or a career practicing physics.

**Requirements**

In addition to the program requirements listed below, students must:

- take at least nine hours of their minor "core" requirements at UNC–Chapel Hill
- earn a minimum cumulative GPA of 2.000 in the minor core requirements. Some programs may require higher standards for minor or specific courses.

For more information, please consult the degree requirements section of the catalog (http://catalog.unc.edu/undergraduate/degree-requirements/).

The minor in astronomy consists of five courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>ASTR 100</td>
<td>Understanding the Universe</td>
<td>3</td>
</tr>
<tr>
<td>or ASTR 101</td>
<td>Introduction to Astronomy: The Solar System</td>
<td></td>
</tr>
<tr>
<td>or ASTR 102</td>
<td>Introduction to Astronomy: Stars, Galaxies &amp; Cosmology</td>
<td></td>
</tr>
<tr>
<td>or ASTR 103</td>
<td>Alien Life in the Universe</td>
<td></td>
</tr>
<tr>
<td>ASTR 100L</td>
<td>Astronomy with Skynet: Our Place in Space</td>
<td>1</td>
</tr>
<tr>
<td>or ASTR 111</td>
<td>Educational Research in Radio Astronomy</td>
<td></td>
</tr>
<tr>
<td>ASTR 202</td>
<td>Introduction to Astrophysics</td>
<td>3</td>
</tr>
</tbody>
</table>

For FY-Launch class sections may be available. A FY-Launch section fulfills the same requirements as a standard section of that course, but also fulfills the FY-SEMINAR/FY-LAUNCH First-Year Foundations requirement. Students can search for FY-Launch sections in ConnectCarolina using the FY-LAUNCH attribute.

1 Fall course.
2 Prerequisite, MATH 231; pre- or corequisite, MATH 232; permission of the instructor for students lacking the prerequisites.
3 Prerequisites, MATH 232 and PHYS 118; pre- or corequisite, MATH 233; permission of the instructor for students lacking the prerequisites.

See program page here (http://catalog.unc.edu/undergraduate/programs-study/physics-major-ba/#opportunitiestext) for special opportunities.

**Department Programs**

**Majors**

- Physics Major, B.A. (http://catalog.unc.edu/undergraduate/programs-study/physics-major-ba/)
- Physics Major, B.S. (http://catalog.unc.edu/undergraduate/programs-study/physics-major-bs/)

**Minors**

- Astronomy Minor (p. 1)
- Physics Minor (http://catalog.unc.edu/undergraduate/programs-study/physics-minor/)

**Graduate Programs**

- M.S. in Physics (http://catalog.unc.edu/graduate/schools-departments/physics-astronomy/)
- Ph.D. in Physics (http://catalog.unc.edu/graduate/schools-departments/physics-astronomy/)
