Julie Byerley, Interim Dean

The dental hygienist is an educator and motivator as well as a health care provider. As a practicing member of the dental health team, the hygienist is primarily concerned with the maintenance of oral health and the prevention of dental disease. Additionally, dental hygienists may assume professional leadership roles; participate in the development, implementation, and evaluation of community health programs; engage in research activities; or serve as consultants and assume managerial roles in certain types of dental care delivery systems.

Students are subject to the academic requirements in place when they are admitted to the dental hygiene program; consequently, the requirements described in this catalog particularly apply to students admitted to the school during the 2021-2022 academic year.

All course descriptions can be found in ConnectCarolina.

Department Programs

Professional Program

Major

• Dental Hygiene Major, B.S. (http://catalog.unc.edu/undergraduate/programs-study/dental-hygiene-major-bs/)

Post Certificate

• Post Certificate in Dental Hygiene (p. 1)

Graduate Programs

• M.S. in Dental Hygiene Education (http://catalog.unc.edu/graduate/schools-departments/dentistry/#programtext)
• M.S. in Endodontics (http://catalog.unc.edu/graduate/schools-departments/dentistry/#programtext)
• M.S. in Operative Dentistry (http://catalog.unc.edu/graduate/schools-departments/dentistry/#programtext)
• M.S. and Ph.D. in Oral and Craniofacial Biomedicine (http://catalog.unc.edu/graduate/schools-departments/dentistry/#programtext)
• M.S. in Oral and Maxillofacial Pathology (http://catalog.unc.edu/graduate/schools-departments/dentistry/#programtext)
• M.S. in Oral and Maxillofacial Radiology (http://catalog.unc.edu/graduate/schools-departments/dentistry/#programtext)
• M.S. in Orthodontics (http://catalog.unc.edu/graduate/schools-departments/dentistry/#programtext)
• M.S. in Pediatric Dentistry (http://catalog.unc.edu/graduate/schools-departments/dentistry/#programtext)
• M.S. in Periodontology (http://catalog.unc.edu/graduate/schools-departments/dentistry/#programtext)
• M.S. in Prosthodontics (http://catalog.unc.edu/graduate/schools-departments/dentistry/#programtext)

Admission to the Program

Applicants may be admitted for dental hygiene study after completion of an associate of arts or associate of science degree and the dental hygiene prerequisites, provided they meet requirements of the University. To assure proper planning for admission, applicants should maintain close contact with the program during the application process.

Enrollment is limited, and applicants are accepted on a competitive basis. Admission to the University does not guarantee admission into the dental hygiene program. Selections are based on academic achievement with an emphasis on performance in science courses, character, knowledge of working with the dental team, and a sincere interest in dental hygiene as a professional career. For UNC–Chapel Hill students, application for admission to the program is usually made during the second year of General College study. Interested students should submit an online application, which can be accessed from ConnectCarolina.

For transfer applicants, all prerequisite dental hygiene coursework and General College courses taken at other institutions must be approved for transfer in advance by the Office of Undergraduate Admissions. Official transcripts from all schools attended (including high school) must be submitted.

Three letters of recommendation must be submitted with the application. Two of the letters should be from previous college course directors and one letter that includes a character reference. In addition, applicants must shadow in a dental office for a minimum of 20 hours. This requirement may be fulfilled through prior dental assisting experience.

If admitted to Carolina, the Office of Undergraduate Admissions will complete a course-by-course analysis of all coursework and provide a complete report before the enrollment deadline. Transcript analysis will not be completed for prospective students until after admission. It is critical that the most current rules are applied to each situation, and these may change from the time of application to the time of enrollment.

Prior to being admitted and enrolled, all applicants will be required to present evidence of satisfactory completion of prerequisite courses required by the major. Applicants with a previous degree should contact the Office of Undergraduate Admissions to determine fulfillment of General College requirements. Specific admission requirements on the prelicensure and graduate programs in dental hygiene can be obtained by calling the dental hygiene office at (919) 537-3474 or online at our website (https://www.dentistry.unc.edu/).

Requirements

Applicants interested in the certificate program in dental hygiene may be admitted to the program without junior standing after completion of:

Total Hours 27-28

H Honors version available. An honors course fulfills the same requirements as the nonhonors version of that course. Enrollment and GPA restrictions may apply.

After completion of the basic professional program, a post-certificate in dental hygiene is awarded. Enrollment to complete the baccalaureate degree requirements is an option for the student with a certificate or current baccalaureate degree.

### Additional Information for the Dental Hygiene Programs

Upon provisional acceptance into the dental hygiene program, all students must provide an acceptable criminal background check and provide documentation of required immunizations. See "Immunization Requirements" details in the Compliance (p. 2) section.

One of the consequences of the delivery of health care is the possibility of contracting infectious disease such as tuberculosis, hepatitis, herpes, or HIV. To minimize this risk, the UNC Adams School of Dentistry has adopted an Infection Control Policy that requires the wearing of a clinical overgarment, disposable gloves, a mask and protective safety eye covering when oral examinations and dental hygiene services are being performed.

Dental school fees are required that include instrument rental and other supplies needed for clinical care and the education of patients. Additional costs may occur for projects required in the curriculum.

See the program page for special opportunities (http://catalog.unc.edu/undergraduate/programs-study/dental-hygiene-major-bs/#opportunitiestext).

See the program page here (http://catalog.unc.edu/undergraduate/programs-study/dental-hygiene-major-bs/#opportunitiestext) for special opportunities.

### Program Faculty

Jennifer Brames, Director, Dental Hygiene Program and Program Director, Graduate Dental Hygiene Education Program

Lattice Sams, Assistant Director, Dental Hygiene Program

Roland Arnold, Roxanne Dsouza, Bruce Gitter, Jennifer Harmon, Elizabeth Kornegay, Linda Leitch, Shannon Mitchell, Ricardo Padilla, Tiffany White

### Clinic Adjuncts

Judy Adkins, Susan Buchenberger, Chimere Collins, Stacy McCauley, Mariola Steinbicker, Catherine Seifert.

### Information Relevant to the UNC Adams School of Dentistry Experience

#### Immunization Requirements

The State of North Carolina immunization requirements and the UNC Adams School of Dentistry immunization requirements for dental hygiene and doctor of dental surgery students are listed below. Documentation of all is required with application.

#### State Requirements

- Three DTP (diphtheria, tetanus, pertussis), Td (tetanus, diphtheria), or Tdap (tetanus, diphtheria, pertussis) doses. (This fulfills the primary series requirement.)
  - One Tdap booster after completion of the primary series that did not include a Tdap, and then a Td vaccine every 10 years thereafter.
  - Three polio (unless greater than 18 years of age).
  - Two measles (rubeola), two mumps, one rubella (two MMR doses meet this requirement) or positive titers.
  - Hepatitis B series (not required for individuals born before July 1, 1994). See school requirements below.

#### UNC Adams School of Dentistry Requirements

- Varicella vaccination series (two shots) or a positive titer.
- Hepatitis B vaccination series (three shots) and a positive hepatitis B antibody (HBsAb) quantitative titer. (Please make sure your physician does not order a qualitative titer.) Ideally, a titer is recommended one to two months after completion of the series for proof of immunity to hepatitis B but can be checked at a later date.
- Two-step tuberculosis skin test (TST) or a TB blood test (IGRA). DDS and DH students report to Campus Health and follow the testing procedures required. Advanced Dental Education students report to Employee Health and follow the testing procedures required.

The matriculating student is required to submit an official certificate of immunizations that is signed by an authorized healthcare provider. Immunization documentation is to be submitted to both to UNC Campus Health Services (CHS) and to the UNC Adams School of Dentistry through eKeeper, an online portal, by a published and specified date. CHS will notify students who are not in compliance with the state immunization requirements noted above. Individuals who have not met the state immunization requirements after 30 calendar days from the first date of attendance will be administratively withdrawn from the University by the University Registrar. See the UNC Campus Health website (http://
Students with deficiencies in the additional immunization requirements of the school will be notified of the deficiencies by the UNC school’s director of clinical compliance. The school will work with students to meet these additional requirements. The failure to comply with the school’s requirements after consultation with the director of clinical compliance and the agreed-upon resolution schedule will result in administrative withdrawal from the school.

**Additional Requirements**

**Annually:**

- Influenza vaccine not earlier than September 1.
- Tuberculosis screening.
- Verification of health insurance. UNC–Chapel Hill requires all eligible students to have health insurance (see the UNC Campus Health Student Health Insurance website [http://campushealth.unc.edu/charges-insurance/mandatory-student-health-insurance/](http://campushealth.unc.edu/charges-insurance/mandatory-student-health-insurance/)). Students are required to waive with existing creditable insurance each semester or they will automatically be enrolled in the UNC System Student Health Insurance Plan, which is administered by Student Blue/BCBS of NC. To waive or enroll/renew, visit the Student Blue website [http://www.bcbsnc.com/unc/](http://www.bcbsnc.com/unc/).

**Biennially:**

- American Heart Association certified CPR for Healthcare Providers training. Documentation of current certification is required of the matriculating student and is to be submitted through eKeeper. (Note that the school requires in-person CPR skills assessment.)

Infection Control: One of the consequences of the delivery of health care is the possibility of contracting an infectious disease such as tuberculosis, hepatitis, HIV, or herpes. To minimize this risk, the school has adopted an Infection Control Policy that requires the wearing of a clinical overgarment, disposable gloves, a mask, and protective eye covering when oral examinations and dental procedures are being performed. **NOTE:** COVID-19 has adjusted these requirements and additional Personal Protective Equipment (PPE) may be required.

**Infectious Disease Status**

Students engaged in patient care activities are required to know their tuberculosis and hepatitis B (HBV) status, and are encouraged to learn their hepatitis C (HCV) and HIV status. State regulations require health care workers, including students, who perform surgical or dental procedures or who assist in such procedures in a way that may result in an exposure of patients to their blood, and who know themselves to be infected with HIV or HBV, to report their status to the state health director. See UNC’s policy [http://ehs.unc.edu/manuals/ehsmanual/chapter-6/occupational-health-requirements/](http://ehs.unc.edu/manuals/ehsmanual/chapter-6/occupational-health-requirements/).

**Late Registration**

University regulations require students who do not register before the first day of classes in any semester or summer session to pay an additional fee of $20 for delayed registration. Any student who believes that she/he can show sufficient justification for the delay may petition for a refund by completing a form, which can be found online [https://registrar.unc.edu/guide/registration-policies/late-fee-refund-petition/](https://registrar.unc.edu/guide/registration-policies/late-fee-refund-petition/), and outlining the reason for delay. This form must bear the approval of the dean of the UNC Adams School of Dentistry.
