Anthropology is the integrative study of human beings at all times and in all places. Anthropological expertise has special application for hidden histories and the ancient past; the intersection of human biology and ecology; and the way communities create and use meaning, values, and history in everyday life. We support studies, research, and professional applications in these areas with three programs of foundational training:

1. archaeology
2. human biology, ecology, and evolution
3. sociocultural anthropology

Department Programs

Major

- Anthropology Major, B.A. (http://catalog.unc.edu/undergraduate/programs-study/anthropology-major-ba/)
- Medical Anthropology Major, B.A. (http://catalog.unc.edu/undergraduate/programs-study/medical-anthropology-major-ba/)

Minors

- General Anthropology Minor (p. 1)
- Heritage and Global Engagement Minor (http://catalog.unc.edu/undergraduate/programs-study/heritage-global-engagement-minor/)
- Medical Anthropology Minor (http://catalog.unc.edu/undergraduate/programs-study/medical-anthropology-minor/)

Graduate Programs

- Ph.D. in Anthropology (http://catalog.unc.edu/graduate/schools-departments/anthropology/)

Requirements

In addition to the program requirements listed below, students must:

- take at least nine hours of their minor "core" requirements at UNC–Chapel Hill
- earn a minimum cumulative GPA of 2.000 in the minor core requirements. Some programs may require higher standards for minor or specific courses.

For more information, please consult the degree requirements section of the catalog (http://catalog.unc.edu/undergraduate/general-education-curriculum-degree-requirements/#degreerequirementstext).
