Geography is the science of space, place, and environment. The department offers classes spanning the social and natural sciences and offering students training in qualitative, quantitative, spatial analysis and modelling, and lab methodologies. Geography minors have the opportunity to augment their major by adding a spatial perspective to the big questions of how, where, and why we live the way we do, in the world that we all share.

The geography minor pairs well with majors in the humanities, social, and natural sciences. Common majors include anthropology, biology, environment and ecology, environmental sciences and engineering, global studies, peace, war, and defense, political science, and public policy.

Department Programs

Major

• Geography Major, B.A. (http://catalog.unc.edu/undergraduate/programs-study/geography-major-ba)

Minor

• Geography Minor (p. 1)

Graduate Programs

• M.A. in Geography (http://catalog.unc.edu/graduate/schools-departments/geography)
• Ph.D. in Geography (http://catalog.unc.edu/graduate/schools-departments/geography)

Requirements

In addition to the program requirements listed below, students must:

• take at least nine hours of their minor course requirements at UNC–Chapel Hill
• earn a minimum of 12 hours of C or better in the minor (some minors require more)

For more information, please consult the degree requirements section of the catalog (http://catalog.unc.edu/undergraduate/general-education-curriculum-degree-requirements/#degerequirementstext).

To minor requires five geography courses.
