HUMAN AND ORGANIZATIONAL LEADERSHIP DEVELOPMENT MAJOR, B.A.

The human and organizational leadership development (HOLD) program prepares graduates to understand, lead, and work effectively with a diverse set of stakeholders in organizations focused on learning and human development. The curriculum provides students with a grounding in the science of learning and adult learning, organizational and leadership theory, quantitative and qualitative social science research methods, and data-informed decision making. Students will gain an insight into learning and development in a broad range of organizations, including businesses, non-profits, and government agencies that are committed to cultivating clients’ and workers’ capacities. In order to thrive in learning-oriented organizations, students must be skilled collaborators and communicators, keen observers of social structure and dynamics, as well as careful data consumers and analysts.

Admission to the human and organizational leadership development (HOLD) major is required and offered every semester. Admission is based on, but not limited to, a 2.5 grade point average, good academic standing, expressed interest in the helping professions, and space available. For more information, please visit the School of Education website (https://ed.unc.edu/academics/programs/human-organizational-leadership-and-development/).

Newly admitted students should expect to be enrolled in the HOLD program for a minimum of three fulltime semesters in order to meet program course sequencing and milestones. Students interested in studying abroad should meet the SOE director of advising to discuss a timeline upon as admission to the program.

Admitted students must earn a grade of C or better for each course counting to fulfill a degree requirement within the HOLD major. If a student earns a grade of C- or lower in a course, it will not satisfy a degree requirement within the HOLD major. The student will need to repeat that course or an equivalent. If a course is repeated, the student can only count the credit hours once when calculating the number of credit hours toward degree.

In the event that a student fails the internship or is dismissed for violating the School of Education, site placement, or the University Code of Ethics, they will be referred to the School of Education Appeals Committee.

Students are subject to the requirements in place when they are admitted to the School of Education; consequently, the requirements for approved programs described in this catalog particularly apply to students admitted to the school during the 2022–2023 academic year.

Sample Plan of Study

Sample plans can be used as a guide to identify the courses required to complete the major and other requirements needed for degree completion within the expected eight semesters. The actual degree plan may differ depending on the course of study selected (second major, minor, etc.). Students should meet with their academic advisor to create a degree plan that is specific and unique to their interests. The sample plans represented in this catalog are intended for first-year students entering UNC–Chapel Hill in the fall term. Some courses may not be offered every term.

Special Opportunities in Education
Honors in the School of Education

During the fall semester of the senior year, an honors student in the School of Education participates in the first of a two-course sequence. This first course is an honors thesis class to begin the thesis preparation and writing process. During the spring semester of the senior year (likely the HOLD internship semester), the student takes the second course in the honors class sequence. Across the two courses the student completes an honors thesis. In the spring semester there is an oral examination to defend the thesis. The program is limited to students with a minimum cumulative grade point average of 3.3 at the start of the fall semester of the senior year. That is, students who wish to undertake a senior honors thesis project must have a cumulative GPA of 3.3 or higher.
in order to begin the project, and must maintain a cumulative GPA of 3.3 or higher through graduation.
