Japan is a democracy with a robust economy, advanced technology in fields including AI and robotics, and a major role in international relations. Japanese popular culture, from anime to video games, has been influential across the U.S. and across the globe. Friendships with Japanese, travel abroad, enjoying Japanese food locally, as well as the practice of martial arts and the love of Japanese popular media have motivated students to pursue the study of Japanese at Carolina. In the program, students enjoy meeting others with similar enthusiasms and often take part in extracurricular activities such as the Japan Club and the anime club (COUP).
