KENAN–FLAGLER BUSINESS SCHOOL

Introduction

The UNC Kenan–Flagler undergraduate business program offers a program of study that provides students with a thorough grounding in all areas of business and a broad introduction to the liberal arts. The UNC Kenan–Flagler undergraduate experience is distinctive because the school offers:

- An undergraduate business experience that is ranked highly in the nation by U.S. News & World Report, and Poets & Quants
- Career development professionals who help students explore and identify career interests and build plans for pursuing them
- A liberal arts-oriented curriculum
- A global perspective relevant to the needs of business today
- Activities and organizations for an active student life
- Individual attention usually associated with smaller schools
- Multiple opportunities provided by a leading, large research university
- Faculty who are outstanding in and out of the classroom

Students choose business electives to develop a specific area of business interest. Courses selected from other UNC–Chapel Hill schools and programs add to their depth of knowledge. The result is that students are able to engage in systems thinking to see “the big picture.” The school believes that completion of the undergraduate business program provides students with a distinct advantage in a highly selective and competitive job market.

Students may apply to complete a major, a minor in business administration, a specialized minor in real estate, or they may take a limited number of business administration courses as general electives for their chosen degree program.

The business administration program is considered a broad-based, general management degree, and the UNC Kenan–Flagler Business School encourages breadth in both the business curriculum and in the continuation of study in fine arts, humanities, and natural and social sciences. A second major may be possible and requires advance approval by both the undergraduate business program and the second academic unit.

BUSI Courses

BUSI courses are restricted to business majors and minors, unless permission is granted (see the section Taking Business Courses as a Nonmajor/Nonminor or otherwise noted). BUSI courses may run semester-long or may be a MOD (run half a semester). MOD courses may be assigned different deadlines from those provided by the Office of University Registrar. Due to the unique structure of MOD courses, these sections are not eligible for withdrawal or pass/fail.

Taking Business Courses as a Nonmajor/Nonminor

Undergraduate students who do not intend to major or minor in business administration may take a limited number of business courses (limits may change based on course availability) as free electives for their particular major. Non-business students may take one BUSI course per semester and a maximum of five BUSI courses over the course of a student’s academic career, regardless of credit hours. First-year students will not be permitted to enroll in 400-level or higher BUSI courses. Registration in business courses for nonmajors and nonminors is made on a space-available basis. Preference is given to students with an overall grade point average of 3.0. The process and guidelines can be found on the Undergraduate Business Program website (https://www.kenan-flagler.unc.edu/programs/undergraduate-business/academics/non-major-business-course-request/). BUSI course enrollment dates and details will be updated each semester.

Advising

Once admitted to the business major, all academic matters, including academic advising, are handled through the undergraduate business office in McColl Building.

Students admitted to the business minor should continue to work with their major department for academic matters outside of business minor requirements. However, business minors have full access to our community events, advising as it relates to the business minors, career team, and global programs.

All students should meet regularly with their advisor and monitor their progress toward completion of both the business major and minor requirements utilizing Tar Heel Tracker. Upon admission, business majors and minors may utilize the Academic Resources (https://www.kenan-flagler.unc.edu/programs/undergraduate-business/academic-resources/) page to connect with an academic advisor.

Admission to the Kenan–Flagler Business School

Kenan–Flagler’s Undergraduate Business program is a small, select program with approximately 390 majors and 80 minors admitted each year. The program seeks candidates whose analytical and organizational abilities, written and oral communication skills, leadership potential, global mindset, and motivation indicate strong potential for success. Admission is competitive and based on academic achievement, leadership, co-curricular activities and involvement, work experience, diversity of skills and interests, and focus and depth of thought as expressed in a personal statement, essays, résumé, and video interview.

Preparation for the Business Administration Major or Minor

A student admitted to the Kenan–Flagler Business School typically begins the Undergraduate Business program in the spring semester of the second year or fall semester of the third year. First- and second-year students in the General College who consider themselves pre-business majors complete certain prerequisite courses as part of their General Education requirements.

We are modifying our prerequisites. Below you will find the prerequisites as they relate to different admissions cycles.

UBP Application Cycle for 2023 spring and 2023 fall entry terms (submitted between July 1 – September 1, 2022):

A pre-business track includes successful completion (defined as earning a final grade of at least a C, not C-) of the following courses (or their equivalents):
The calculus mathematics requirement can be fulfilled by taking one of the following:

- **MATH 152**: Calculus for Business and Social Sciences
- **MATH 231**: Calculus of Functions of One Variable I
- **MATH 232**: Calculus of Functions of One Variable II
- **STOR 113**: Decision Models for Business and Economics
- **STOR 155**: Introduction to Data Models and Inference
- **ECON 101**: Introduction to Economics
- **ECON 410**: Analysis and Decision in Business
- **BUSI 102**: Introduction to Financial Accounting

Honors version available. An honors course fulfills the same requirements as the nonhonors version of that course. Enrollment and GPA restrictions may apply.

with approximately 70 students admitted to the business minor. Students from any discipline excluding quantitative physics may apply to the business minor at the beginning of their second or third year. Applications for the minor are not accepted once a student has entered the fourth year.

The business administration major requires completion in a minimum of three semesters, preferably four or five. The business minor requires completion in a minimum of two semesters, preferably three. Students are required to graduate from UNC–Chapel Hill in eight semesters.

Transfer Admission
Transfer students are an integral and vibrant part of the Carolina community. They bring a diversity and experience to the institution that enhances the overall experience for all students, faculty members, and staff. In the Kenan–Flagler Undergraduate Business program, we understand that transferring is a complex process and have outlined below the policies and guidelines to help students make informed decisions and achieve as smooth a transition as possible.

Students applying to the business major as sophomore transfers, or after one year at university, should apply directly to the College of Arts and Sciences (as opposed to the direct admit process). The admissions process is competitive, therefore, we recommend that students review admissions criteria and make the very most of the spring and summer months prior to application.

Students applying to the business major as junior transfers, or after two years of secondary study, should select the Business Administration program as part of their application to UNC (Common Application). Applicants must meet the University's requirements for admission in addition to the business major prerequisite requirements.

Transfer students who transfer more than 30 hours to UNC are eligible to take an additional ninth or 10th semester at the University. This is sometimes useful and necessary in order for transfer students to complete the business prerequisites and/or business degree.

Transfer students should know that admission to the business school is extremely competitive. We admit 50 percent of our applicants each year. Students should review the eligibility requirements and class profile at the undergraduate business admissions section (https://www.kenan-flagler.unc.edu/programs/undergraduate-business/admissions/) of the Kenan–Flagler website. For more information regarding the admissions process, please visit the transfer admissions page of the website (https://www.kenan-flagler.unc.edu/programs/undergraduate-business/admissions/transfer-students/).
